

TexaJet DX-STE: Transfer Printing with Brilliant Results

Sublimation Ink for Transfer Printing

Digital
2013
14. June

Transfer printing delivers stunning, photo-realistic results, and TexaJet DX-STE is the ideal partner. Brilliant colours and precisely defined edges, processed with the greatest ease, ensure that printing is as much fun as viewing the result later on!

Applications

TexaJet DX-STE (Sublimation-Transfer-Epson) was developed for common wide format printers - especially models employing Epson DX6 and DX7 print heads - to print images on sublimation papers which are then transferred onto substrates such as polyester, polyamide (nylon), blended fabrics containing at least 60% polyester, or rigid polyester-coated materials.

Application possibilities include soft signage, banners, flags, sportswear, fine art prints, and many more.

TexaJet DX-STE – Your Benefits:

- Intensive colours & deep black
 - Brilliant print results
 - High colour density
- Excellent colour release properties
 - Very good colour release on polyester
- Suited even for lightweight papers!
- High environmental compatibility
 - Low odour
 - APEO-free (no use of surfactants which may migrate into the water during laundry)
 - Meets the dyestuff related requirements of the Oeko-Tex® Standard 100
- Very good fastness properties
 - Light, wash, and perspiration fastness
- Suited for wide format printers and 44“ printers in the lower price range
 - High flexibility

Fastness according to EN ISO Standard	Light-fastness ISO 105B02	Wash fastness ISO 105C02	Perspiration fastness ISO 105E04 alkaline
429 Yellow	6/7	4/5	4/5
439 Magenta	6/7	4/5	5
459 Cyan	5/6	4/5	4/5
488 Black	5/6	4/5	4/5

Quality characteristics

TexaJet DX-STE features excellent batch-to-batch quality within market-leading tolerances and exhibits very good stability against sedimentation.

Product INFO

Range

1 kg units, Art.-No. 3638 97 xxx

TexaJet DX-STE	429 Yellow
TexaJet DX-STE	439 Magenta
TexaJet DX-STE	459 Cyan
TexaJet DX-STE	488 Black

Cleaner

TexaJet DX-UR
1 l unit, Art.-No. 3503 97 403

TexaJet DX-URS Station Cleaner
1 l unit, Art.-No. 3503 97 408
